

K-Love gives our town an option for our children other than station that play music that is inappropriate context.

K-Love serves me as a life line to very positive and up lifting music that gives me hope and salvation. My son signs along, knows the words and turns it on when he is taking a shower. He is only 8 years old, what a great example for my child.

K-Love serves all people, weather Christian or otherwise, in positive and nonjudgemental way. It provides peace, hope and love to ALL that listen. Please DO NOT take our K-Love away. It's the best gift for my community, myself and my child.
